Coming from the west

you are travelling on the A38

- leave the motorway at exit Eisleben
- on entering Querfurt, leave the roundabout in the direction of Röblingen am See
- at the next traffic light, turn left and continue towards Röblingen
- having passed through Schraplau, pass through the Schafsee district
- turn right into Werkstrasse
- now you see the Schraplau lime production plant

You have arrived at your destination.

Coming from the east

you are travelling on the A9

- leave the motorway at exit Kreuz Rippachtal
- then drive onto the A38 in the direction of Göttingen
- at the crossing of A38/A143, take the A143 in the direction of Halle
- leave the A143 at exit Bennstedt
- follow the B80 in the direction of Eisleben
- turn right in Aseleben in the direction of Röblingen am See.
- drive through the town in the direction of Querfurt
- once you have reached Querfurt, turn left into Werksstrasse
- now you see the Schraplau lime production plant

You have arrived at your destination.

From 11/2008 (completion of A38)

you are travelling on the A38

- leave the motorway at exit Querfurt/Esperstedt
- drive 3 km in the direction of Röblingen am See
- having passed through Schraplau, pass through the Schafsee district
- turn right into Werkstrasse
- now you see the Schraplau lime production plant

You have arrived at your destination.
